# Lancaster County Grown Seed Wheat

**CERTIFIED THORNE WHEAT.** **Beardless.** One of the most popular varieties today. Stiff straw. Yields very good. Sow  $1\frac{1}{2}$  bushels per acre. The supply of Certified Thorne wheat is not too plenty this year. We look for an unusual demand and orders will be received until our supply is exhausted.

**THORNE WHEAT.** Can furnish Thorne wheat that is not Certified. A good part of our supply was grown from Certified seed. All our crops were inspected in the field before the grain was cut.

**PENNA. 44.** **Bearded.** We have a limited supply of Penna. 44. Straw long and stiff. Sow  $1\frac{3}{4}$  bushels per acre.

**WONG BARLEY.** We will not be able to furnish any Certified Wong Barley this season. Barley supply will be short. Wong Barley is stiff in the straw, which makes it a good variety for combining. Sow two bushels per acre.

**NORTHWEST ALFALFA.** Alfalfa deserves to rank first among the Legume crops. It is the mainstay of the dairy-men. We have a fair supply of Northwest common and Northwest Grimm Alfalfa seed. Sowing this grade seed helps you grow bigger crops. Inoculate Alfalfa with Legume Aid.

**TIMOTHY SEED.** Our fancy Timothy seed tests 99.60% Pure or better. Practically free from weeds. The cream of the crop. Order your Timothy seed along with your seed wheat.

## PRICE LIST—AUGUST 12, 1948

Quotations for prompt acceptance. Freight is paid on all orders of 200 pounds or more. No charge for bags. All express shipments will be sent charges collect. Add Extra if you want Field Seeds shipped by Parcel Post.
